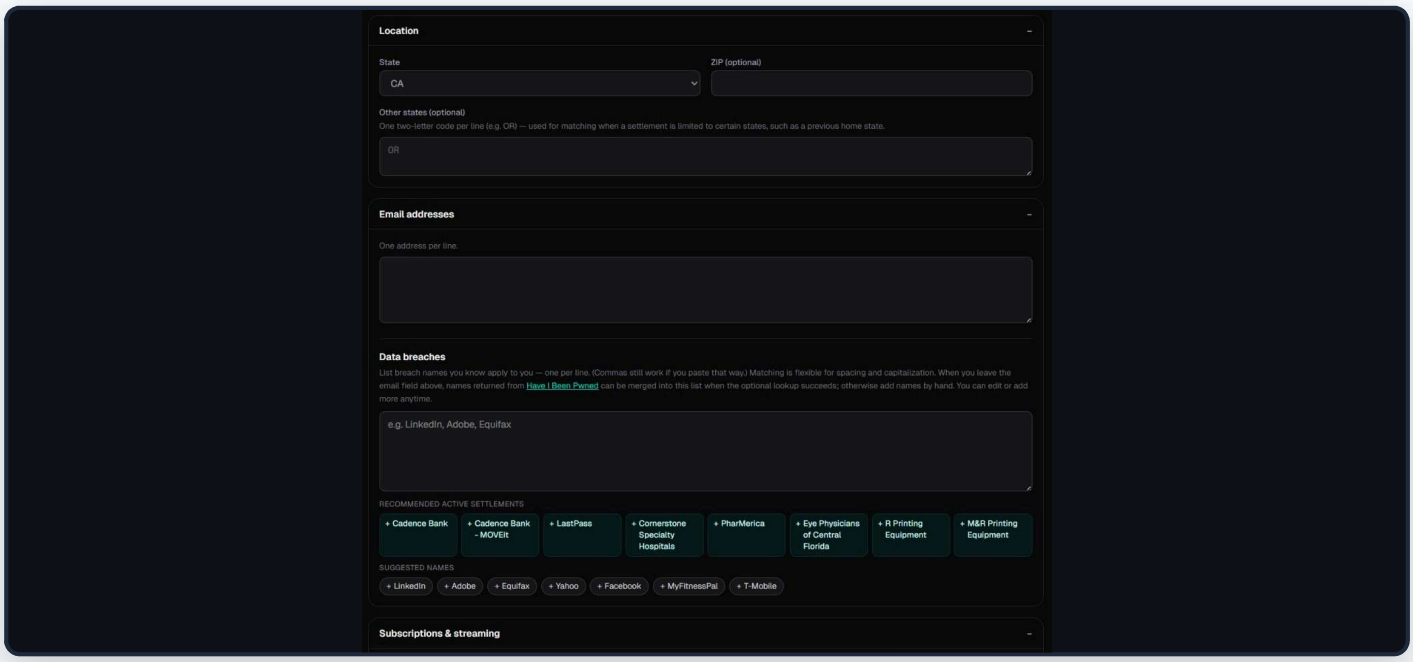
FREE & OPEN SOURCE

Discover class action settlements you may qualify for - automatically.

Millions of dollars in class action settlement money go unclaimed every year because people do not know they qualify. SettlementScan matches your background to open settlements - no account, no upload, free.

- Your data stays on your device
- Instant match scores
- 200+ settlements tracked
- Free forever

STEP 1 OF 6



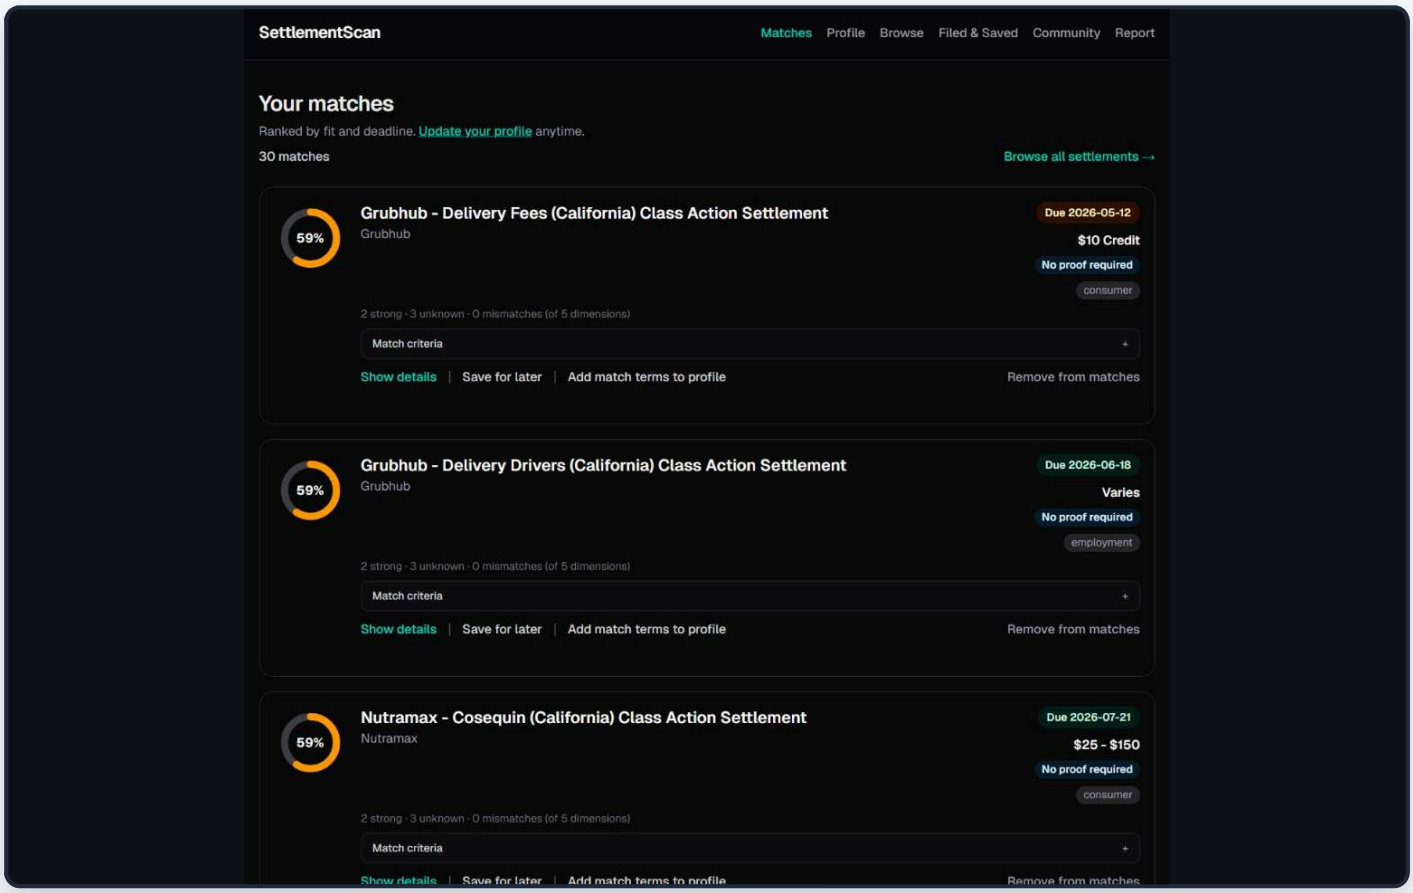
1

Build your profile in minutes

State, emails, companies, subscriptions, breaches, and more. Stored only in this browser - not on our servers.

- No sign-up
- Optional Have I Been Pwned merge for breach names
- Suggestions from active settlements
- JSON backup anytime

STEP 2 OF 6



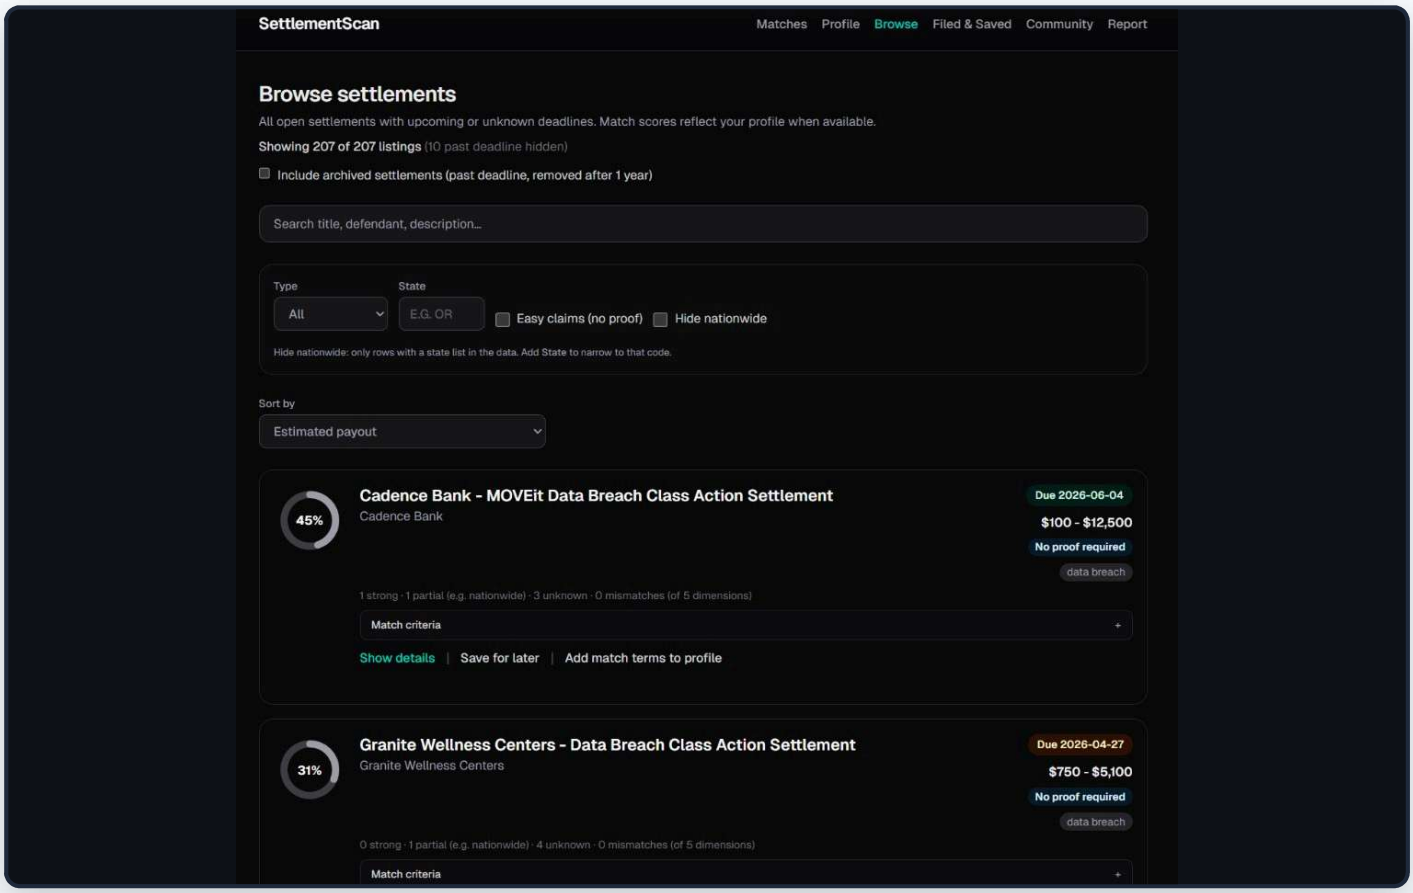
2

Your matches - ranked by fit and deadline

See percentage match, payout range, proof rules, and due dates in one list.

- Match rings and match line (strong / partial / unknown)
- Hide or save for later
- Add terms to your profile in one tap

STEP 3 OF 6



3

Browse and search everything

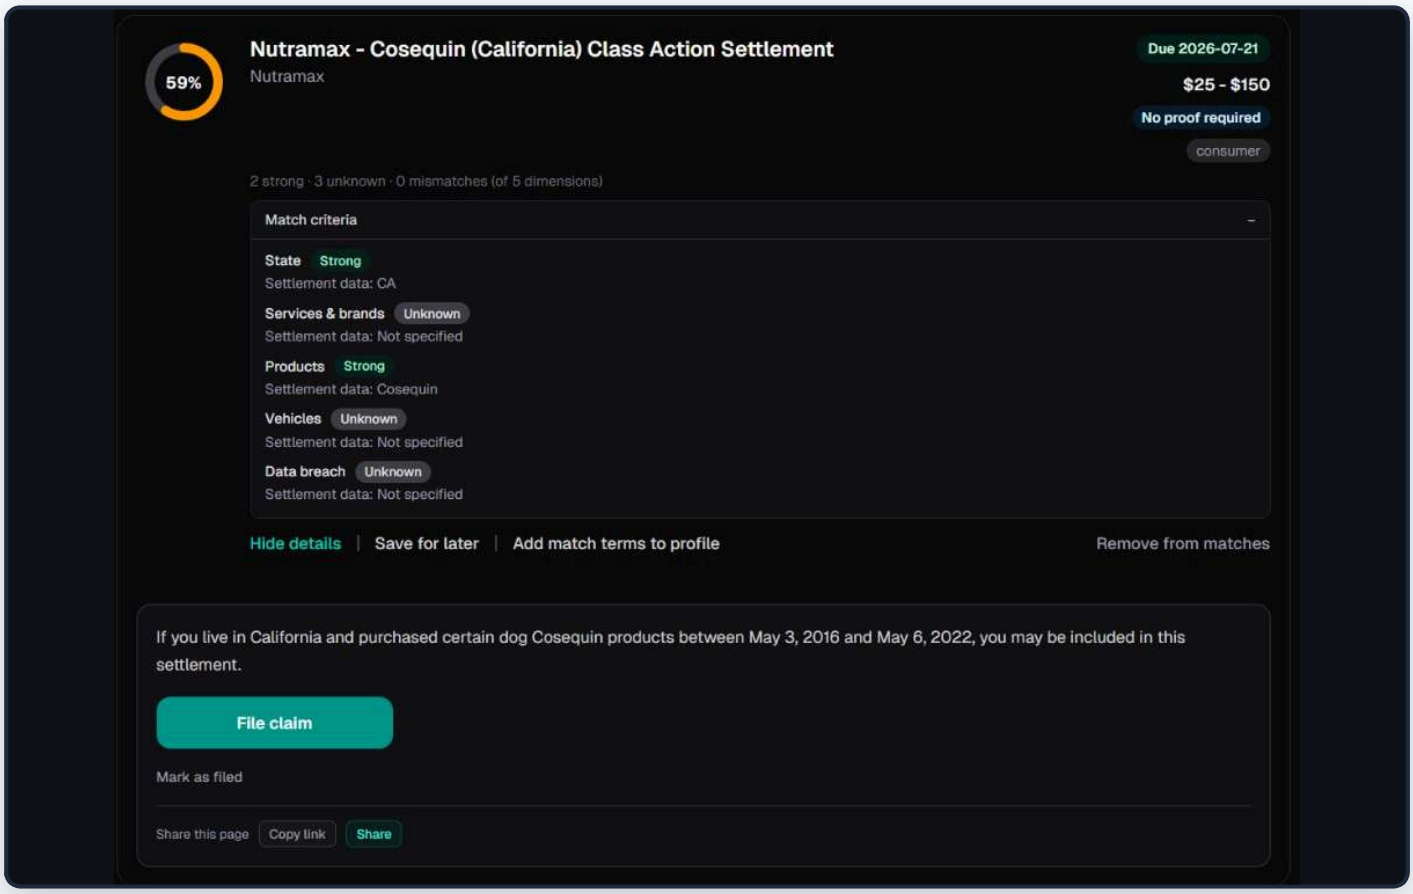
All open listings with search, filters, and sort - explore even before you finish your profile.

- Search by title, defendant, description
- Filter by type, state, easy claims
- Sort by payout, deadline, match

From match to filed

Open the official claim site, track what you filed, and bookmark the rest.

STEP 4 OF 6



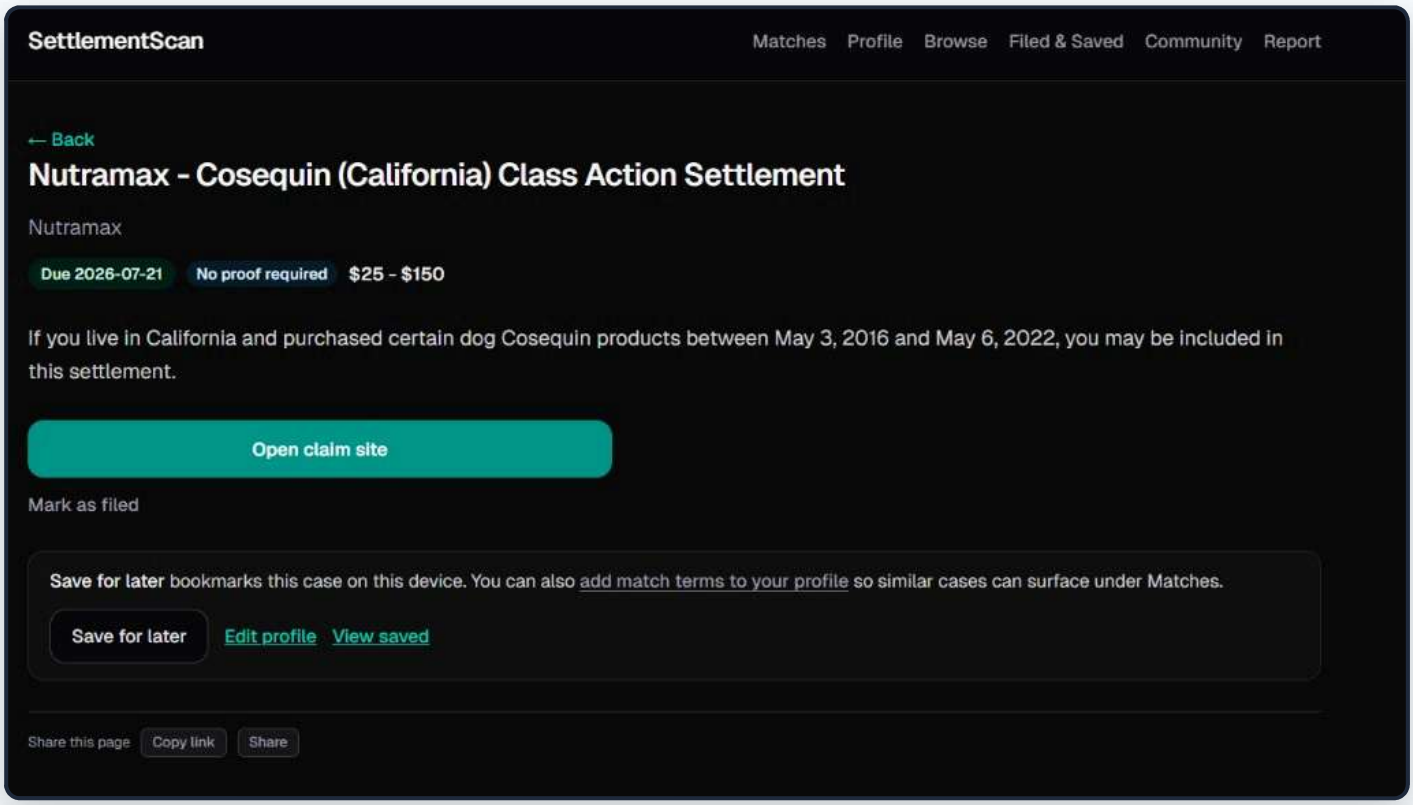
4

Why you match - then file

Expand criteria (state, products, breaches, etc.), read the plain-English blurb, then use File claim.

- Strong / unknown / mismatch per dimension
- Direct link to the real claim form
- Mark as filed when you are done

STEP 5 OF 6



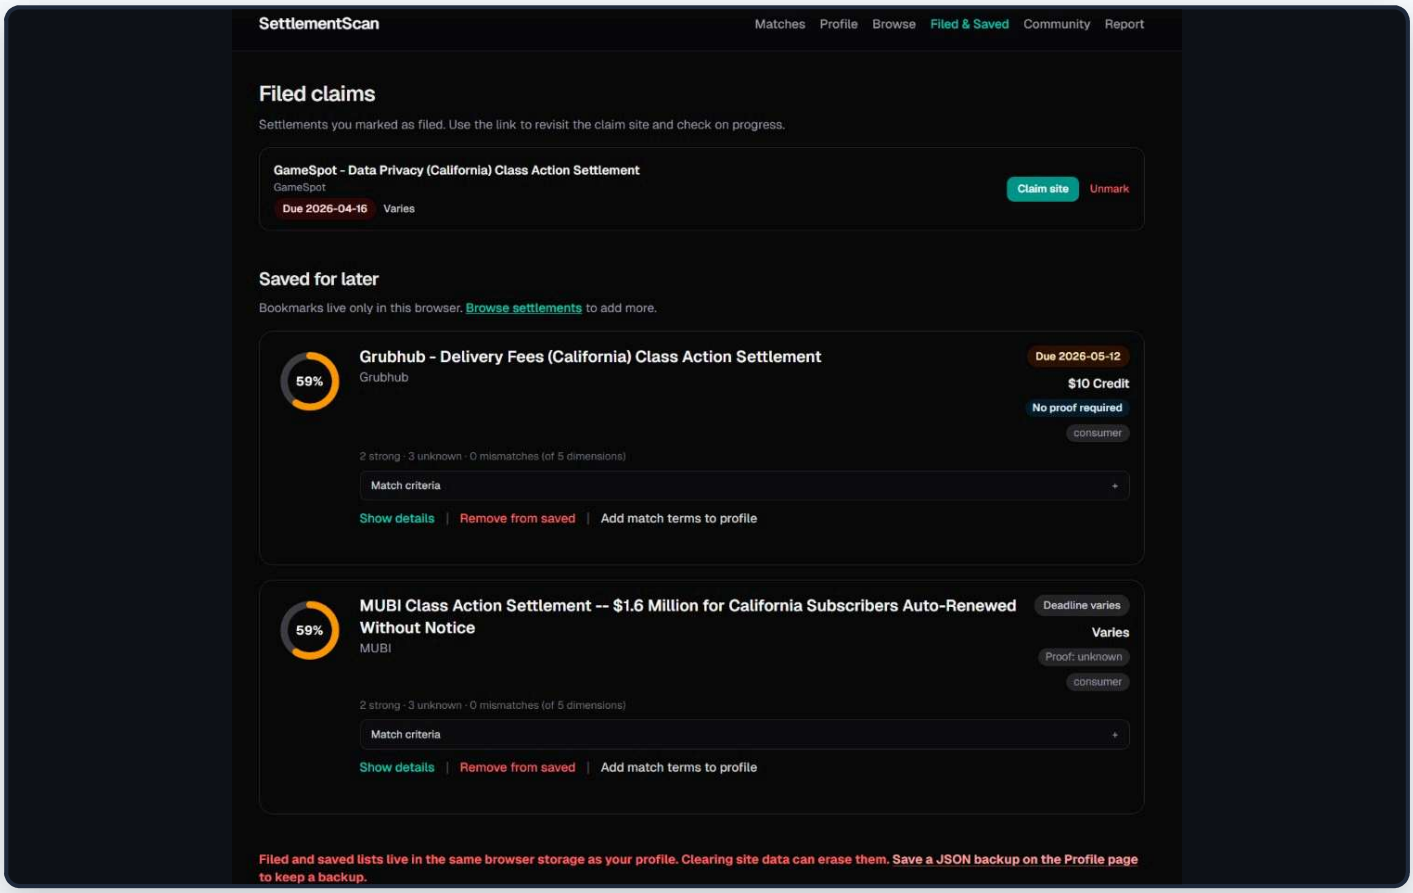
5

Settlement page you can share

One page per case: deadline, payout, proof, Open claim site, save for later, share link.

+ Share with Copy link or Share
+ Edit profile to improve future matches

STEP 6 OF 6



6

Filed claims and saved for later

Filed: reopen the claim site anytime. Saved: your shortlist. Same storage as your profile - back it up from Profile.

+ Claim site button for filed items
+ Remove or move items as your plans change
